CECIL RHODES IS DEAD

NOTED SOUTH AFRICAN SUG-
CUMBS AFTER AN ILLNESS OF
OVER TWO YEARS.

HEART FAILURE THE CAUSE

Lost All Interest in Life on Sunday
and Since Then Dozed the Hours
Away—Public Funeral Will Be Held
in the Cathedral at Cape Town—In-
terment to Take Place at Matoppo
Hills.

Cape Town, March 27.—Mr. Rhodes was conscious until 5:55 p. m., when he muttered a few words and sank quickly. The immediate cause of his death was two successive attacks of heart failure.

At his bedside were Dr. Jameson, Dr. W. H. Smartt, the commissioner of public works, Colonel Elmhurst Rhodes, director of signalling of the South African field force, and Mr. Walton, a member of the assembly from Port Elizabeth.

Mr. Rhodes last words were the names of his brothers and some others present, which were meant to be good byes.

Since Mr. Rhodes took to his bed three weeks ago his friends had been most anxious that he should recover sufficiently to be taken back to England. The cottage where he died was a simple seaside cabin, small and close to the railroad. It was ill-fitted to be a sick chamber, although the utmost was done to improve the ventilation and make it more comfortable. Dr. Stevenson slept by his patient every night that he might be in readiness to administer oxygen, which practically kept Mr. Rhodes alive.

Public Funeral in Cape Town.

Last Sunday he lost all interest in everything and since then he dozed the hours away. His rally from the crisis of Tuesday left but the faintest hopes of his ultimate recovery. These were entirely abandoned with the renewed attack at noon.

The news of his death spread through Cape Town between 7 and 8 o'clock p. m., and caused the profoundest grief. All places of amusement were immediately closed. An open air concert was stopped and the audience uncovered while the band played the "Dead March," the people then silently dispersing.

The government has decided to give Cecil Rhodes a public funeral. His remains will be brought here from Grooteschuur for the burial service, which will be held in the cathedral, the body will then be taken back to Grooteschuur and will eventually be interred at Matoppo hills.

The features of the dead man are placid and a death mask will be taken of them.

OPINION IS UNANIMOUS.

London Papers Agree the Empire Is Poorer by the Death of Rhodes.

London, March 27.—In estimating the career of Cecil Rhodes and its effect on the history of the British empire, newspaper editors are largely influenced by their political views. But the opinion is unanimous in the press here that in spite of the defects and the limitations of his forceful character, few men have more profoundly impressed the imagination of their compatriots or played a larger part in the world's affairs than Cecil Rhodes, and that the empire is poorer because of his death.

With the expressions of admiration for his great services are mingled kindly worded regrets for the disastrous mistake made in the Jameson raid.

MAY ALL BE REMOVED.

Governor Can Wipe Out the Entire Minnesota Normal Board.

St. Paul, March 27.—Governor Van Sant has it in his power to remove every member of the state normal board. That board has violated one of the laws of the state and is guilty of a misdemeanor, according to the construction put upon the law by the attorney general of the state. The normal board approved contracts for the Duluth normal school building which exceed by \$7,500 the money appropriated for that purpose.

STRUCK BY A TRAIN.

Mother and Infant Killed at a Crossing.

Pueblo, Colo., March 27.—The incoming Rock Island Passenger train struck a buggy at a street crossing in East Pueblo, killing Mrs. John Close and her infant son and fatally injuring Miss Helen Hines, aged 21 years.

Boston Brewers May Strike.

Boston, March 27.—The chief point of disagreement between the master brewers and their employees, which, it is believed, will render a strike of the latter on April 1 unavoidable, is over the question of the right which the employers demand of hiring and discharging men at will, and replacing of men discharged with non-union workmen.

Caught by a Prairie Fire.

Anadarko, O. T., March 27.—A destructive prairie fire has been burning about 12 miles southeast of here. Mrs. Katie Hand, in company with her two small children, started to a neighbor's house to be in a safer place. They were overtaken and burned to death.

PATRICK CONVICTED.

Jury Finds Him Guilty of the Murder of Millionaire Rice.

New York, March 27.—Albert T. Patrick, lawyer, has been convicted of the murder on Sept. 23, 1900, of the aged millionaire recluse, William Marsh Rice. The penalty under the statute is death in the electric chair.

A scant three hours of deliberation at the close of a trial prolonged for nine weeks and replete with sensational interest, sufficed to enable the jury to reach their verdict. The issue of the trial establishes the charge that Patrick conspired with Mr. Rice's valet, Charles F. Jones, to obtain possession of the aged Texan's estate estimated at \$7,000,000, and that Jones killed his employer by the administration of chloroform at the direct instigation of Patrick.

With grave faces the members of the jury filed into their places, and some minutes of painful tension elapsed while messengers were endeavoring to find the counsel, who had departed not expecting a verdict for many hours.

Calm as ever and with confidence seemingly unshaken, the prisoner was escorted into the court room. He walked rapidly and took his stand facing the jury with head erect and hands loosely clasped behind his back.

At the word "guilty," pronounced by Foreman Mitchell, in a tone low but distinct enough to be heard throughout the court, not the slightest change passed over Patrick's face and he remained standing in an almost listless attitude while the customary poll of the jury was being taken.

Recorder Goff fixed on a week from Monday as the day on which to pronounce sentence. A motion will be made for a new trial when the prisoner is arraigned for sentence.

ANOTHER MERGER SUIT.

State of Washington Makes First Move in St. Paul.

St. Paul, March 27.—Attorney General Stratton of the state of Washington, after consultation with Attorney General Douglas of Minnesota, has prepared a bill in equity in which the state of Washington is complainant and the Northern Securities company and the Northern Pacific Railway company respondents. Notice of the suit was served on President James J. Hill of the Great Northern, President C. S. Mellen of the Northern Pacific and the representative of the Northern Securities company, the return being made to Sheriff Justus of Ramsey county.

The notice served recites that on April 7 the state of Washington will appear in the United States supreme court and ask leave to file the bill and complaint. The bill is almost identical with the one filed by the state of Minnesota recently, in the case which the supreme court refused to receive. Messrs. Douglas and Stratton think the new suit will result differently because the three defendant corporations are foreign corporations to the state of Washington. They think the supreme court will assume jurisdiction, as they refused in the Minnesota case because the Great Northern is a Minnesota corporation and no state can sue its own citizen in the United States supreme court.

RACE WAR IN PROGRESS.

Whites and Negroes Reported Fighting Near Jasper, Ala.

Birmingham, Ala., March 27.—A special to The Age-Herald from Jasper, Ala., says information has just been received there of a race riot 12 miles east of Jasper. One hundred and fifty shots were reported to have been exchanged, but the casualties cannot be ascertained at this hour. A farmer named Murray came in about 7 o'clock for ammunition and has returned. Sheriff Moore has asked Governor Jelks to call out the local militia company and the men are now getting ready to respond to the call, which is momentarily expected.

Up to 11 o'clock p. m. nothing further has been heard from the seat of trouble in the eastern part of the county.

Sheriff Moore has received a telegram from Governor Jelks authorizing him to call out the local militia whenever he thinks necessary. Captain Bankhead has also been instructed by the governor to respond to the call of the sheriff.

The seat of the trouble is at a negro colony about 12 miles east of here on Warrior river. The negroes have organized and armed themselves and are prepared to make a stubborn resistance.

PROMISED A BIG PROFIT.

American Company Gaining Support of Wholesale Tobacco Dealers.

London, March 27.—The local representative of the American Tobacco company took an important step during the morning towards gaining the support of the wholesale dealers, practically promising the latter 5 per cent profit on all deals with them. The chairman of the Wholesale Tobacco Dealers' association says that unless the Imperial Tobacco company meets them in a similar spirit there will be a bad outlook for the British tobacco trust.

Anti-Oleomargarine Law Valid.

Lincoln, Neb., March 27.—In the district court in a suit brought to test the legality of the Nebraska anti-oleomargarine law, Judge Cornish decided in favor of the state and imposed a fine of \$20 on a local butcher firm convicted of selling the product. The Nebraska law prohibits the sale of oleomargarine colored yellow. It is not probable that the case will be appealed.

WILL MEET HALF-WAY

OPERATORS AND MINERS MAY AVERT THE THREATENED ANTHRACITE STRIKE.

SENATOR HANNA ACTIVE

Has a Conference With J. Pierpont

Morgan and Advocates Arbitration With Such Force That the Financier Is Convinced the Operators Should Yield a Point to the Men Wage Scale May Be Maintained.

New York, March 27.—Regarding the meeting of the coal miners' representatives and the conciliation committee of the Civic Federation, The Herald says:

There is no likelihood of a strike in the anthracite coal district this year. The miners have formulated their demands and the operators will probably meet them half way.

The announcement was made upon the best authority after Senator Hanna's conference with J. Pierpont Morgan that the threatened trouble will be averted, mainly through the efforts of the two men who were the chief factors in settling the big strike in the presidential campaign of 1900. Senator Hanna is one of the most earnest advocates of the cause of arbitration and he presented the situation from his viewpoint with such force that Mr. Morgan was convinced that the operators should yield a point.

Mr. Morgan is in control of some of the coal roads and is in a position to decide upon the course of action to be taken without reference to any other coal magnates. He sees no particular objection to recognizing the United Mine Workers of America, as the union is called, through his signing of contracts with the individuals employed, especially if the present wage scale can be maintained for another year. He does not believe that the union is particularly strong with the miners. He will agree to terms that he deems reasonable, and Senator Hanna was jubilant when he left him, being convinced that the strike would be averted.

GENERAL NORIEL TAKEN.

Malvar the Only Insurgent Commander Now in the Field.

Manila, March 27.—Noriel, the only insurgent general, with the exception of Malvar, still in the field, has been captured by Lieutenant Frank E. Bamford of the Twenty-eighth infantry.

A major, a captain, a lieutenant and five men who were acting as a body guard to Noriel, were captured with him. There is some reason to believe that one member of this bodyguard is General Malvar in disguise. Lieutenant Bamford is certain that if this general is not one of the captured party, he is in the immediate neighborhood of the scene of Noriel's capture. Noriel has been one of the recognized leaders of the insurrection since 1899. He was captured on his way to the coast while endeavoring to escape. He admits that the insurrection, as such, is over, and says that the few remaining leaders are fleeing, as they do not command enough men to warrant surrenders commensurate with their rank.

NEW BRIDGE AT DAM COMPLETED

A Modern Structure in Every Respect and a Credit to the County and City.

COMMITTEE VIEWS THE BRIDGE.

The Structure Cost in the Neighborhood of \$3000--A Much Needed Improvement.

The new bridge at the dam in this city has been completed, except the approaches to the same for which contracts will be let in a few days by the committee from the board of county commissioners. The contract for the construction of the new bridge was let to the W. S. Hewitt Company, of Minneapolis, and the work on the same has been in progress for the past six weeks or two months.

The bridge is a modern structure in every respect costing in the neighborhood of \$3000. The long span is all steel and the rest of the bridge is built after the most improved designs. This improvement is a very important one to the city of Brainerd and is one that has been very much needed for some little time. The old bridge became unsafe for travel sometime ago. The new bridge is located several rods above the old one.

The committee from the county commissioners went out to the scene of the new bridge this afternoon to inspect the same and they have been authorized by the board to accept it from the Hewitt company.

Some Other Changes.

A recently posted bulletin at the N. P. shops gives notice of the following changes made in the personnel of officers in the motive department: Mr. Goodman, chief air-brake inspector, St. Paul, has been promoted to attend the St. Louis exhibition, to superintend the exhibit of air brakes and appliances used by the N. P. on its trains, and to investigate new appliances for engines. Traveling Engineer Larison, of Mandan, whose district was from Helena to Fargo will succeed Mr. Goodman. General Foreman Smith of Jamestown will go to Glendive as master mechanic and in this connection it is announced that the store department now at Mandan will be moved to Glendive and E. J. Myers, formerly of Fargo, will have charge. Dave Littlehales, general foreman at Dickinson will go to Helena as master mechanic, and his brother, who had charge of the pumps on the Missouri and Yellowstone divisions, will succeed Mr. Smith at Jamestown. It is generally rumored that there are to be a number of extensive shop improvements made at Glendive.

Read what a Brainerd citizen says:

Mrs. C. Dessen, of Seventh street south, says: "When I commenced taking Doan's Kidney Pills I was suffering with a lame back. I had it by spells and at such times it was exceedingly painful for me to bend, say to put a stick of wood on the fire, for the stooping and straightening caused severe twinges. This was my condition when I saw Doan's Kidney Pills so highly recommended at the nearest drug store that I procured a box and used it. The treatment cured me."

LADIES OF THE MACABEES

Entertain a Large Party of Friends Last Night in Their Hall--A Delightful Program.

Last night the ladies of the Macabees entertained a large number of friends at their hall, when a good musical and literary program was rendered, after which a sumptuous supper was served.

There were upwards of one hundred people there as guests of the ladies, and it was an event that will long be remembered by those present and the hostesses as well.

One of the pleasing numbers on the program was a drum solo by little Miss Putts. The party was a benefit social and was a complete success financially as well as otherwise.

The house that's rented is but a poor excuse for a home, how easy it is to tell at a glance the house that is owned by the occupant; it's well kept, it's attractive, it's cheerful, it's the dearest place on earth, and looks it. What folly it is to eke out a rented existence, impoverishing yourself and enriching the landlord every month in the year, when a little enterprise would change the conditions so materially. MUSIC AND DRAMA.

GRIFFITH IN A NEW PLAY.

Mr. John Griffith will be seen at the opera house tonight in a new play, "A King's Rival" with which he has been making the success of his career.

It is a romantic comedy and is the fad of the season, being now played in New York City and London, by several of our foremost actors. Mr. Griffith has surrounded himself with an especially strong company headed by the beautiful and talented actress, Miss Kathryn Purnell. She will be remembered by all for her delightful performance as "Marguerite" in Faust. Mr. Griffith has found a part that is the equal of his devil in Faust, which made him famous, and in the dashing dare-devil, "Don Caesar" has added a new part to his splendid record. The play is full of the best of life comedy and friends of Mr. Griffith will be surprised to see how artistically he handles it. The costumes are new and correctly made from old cuts of the period. Special scenery will be used in every act. This should prove one of the events of the theatrical season and lovers of good dramas should not fail to welcome Mr. Griffith in his new play--"A King's Rival," with a full house.

LADIES OF THE WARDE COMPANY.

The leading lady of an organization of this calibre must necessarily be selected with the utmost care. Mr. Warde's management has been congratulated upon the choice of Miss Antoinette Ashton, a lithe and willowy young woman of handsome features. Her achievements have been few but impressive thus far, and have been particularly identified with Mr. James O'Neill, as Virginia in "Virginius," and as Juliet in Mr. William Owen's production of "Romeo and Juliet." Another valuable member of this remarkable company, is Virginia Drew Trescott, a strikingly handsome brunette and an actress of great force and power. Not the least important of Mr. Warde's support will be his charming daughter Miss May Warde, a young actress of undisputed talent as demonstrated by her clever and winsome performances lately of Marcella in "The Lion's Mouth." Miss Aileen Bertelle, another member of the Frederick Warde Company, is a handsome young actress who was with Lewis Morrison for five years. All the ladies of the organization were selected by Mr. Warde for their special fitness for the various feminine parts in "Horatius," "King Lear," "The Mountebank," "Virginius," and "Julius Caesar," which forms his repertoire this season. At the opera House Saturday night.

The sale of seats for the Frederick Warde engagement will open tomorrow morning at H. P. Dunn & Co's drug store.

Prices--\$1.50, \$1.00, 75c, 50c, and 25c.

"THE MAN FROM MEXICO."

The appearance of the popular comedian, Walter E. Perkins, and his company in "The Man From Mexico" at the Brainerd Opera House Monday night will have the interest that attaches to a high grade comedy event and should attract an unusually large audience. "The Man From Mexico" bears the same relation to the field of comedy that "The Christian," "Ben Hur," "Sag Harbor" and "Little Minister" do their respective classes of stage works; that is, it is admittedly the best effort of its kind now before the theatre going public, a claim that has been amply proven by its success in every large city of the country. In presenting it here Mr. Perkins guarantees that it will maintain the same high standard of excellence that gave it pre-eminence in New York, Boston and elsewhere. An excellent company, special scenery, and a full complement of accessories will give distinction to the presentation.

NEW BRIDGE AT DAM COMPLETED

A Modern Structure in Every Respect and a Credit to the County and City.

COMMITTEE VIEWS THE BRIDGE.

The Structure Cost in the Neighborhood of \$3000--A Much Needed Improvement.

The new bridge at the dam in this city has been completed, except the approaches to the same for which contracts will be let in a few days by the committee from the board of county commissioners. The contract for the construction of the new bridge was let to the W. S. Hewitt Company, of Minneapolis, and the work on the same has been in progress for the past six weeks or two months.

The bridge is a modern structure in every respect costing in the neighborhood of \$3000. The long span is all steel and the rest of the bridge is built after the most improved designs. This improvement is a very important one to the city of Brainerd and is one that has been very much needed for some little time. The old bridge became unsafe for travel sometime ago. The new bridge is located several rods above the old one.

The committee from the county commissioners went out to the scene of the new bridge this afternoon to inspect the same and they have been authorized by the board to accept it from the Hewitt company.

Some Other Changes.

A recently posted bulletin at the N. P. shops gives notice of the following changes made in the personnel of officers in the motive department: Mr. Goodman, chief air-brake inspector, St. Paul, has been promoted to attend the St. Louis exhibition, to superintend the exhibit of air brakes and appliances used by the N. P. on its trains, and to investigate new appliances for engines. Traveling Engineer Larison, of Mandan, whose district was from Helena to Fargo will succeed Mr. Goodman. General Foreman Smith of Jamestown will go to Glendive as master mechanic and in this connection it is announced that the store department now at Mandan will be moved to Glendive and E. J. Myers, formerly of Fargo, will have charge. Dave Littlehales, general foreman at Dickinson will go to Helena as master mechanic, and his brother, who had charge of the pumps on the Missouri and Yellowstone divisions, will succeed Mr. Smith at Jamestown. It is generally rumored that there are to be a number of extensive shop improvements made at Glendive.

A FATAL MISTAKE

Is Often Made by the Wisest of Brainerd People.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney pills cure them promptly. Don't delay until too late. Until it becomes diabetes--brighths disease.

Read what a Brainerd citizen says: Mrs. C. Drensen, of Seventh street south, says: "When I commenced taking Doan's Kidney Pills I was suffering with a lame back. I had it by spells and at such times it was exceedingly painful for me to bend, say to put a stick of wood on the fire, for the stooping and straightening caused severe twinges. This was my condition when I saw Doan's Kidney Pills so highly recommended at the nearest drug store that I procured a box and used it. The treatment cured me."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

One of the pleasing numbers on the program was a drum solo by little Miss Putts. The party was a benefit social and was a complete success financially as well as otherwise.

A WILLING WITNESS

J. P. MORGAN TESTIFIES IN SUIT
AGAINST NORTHERN PA-
CIFIC RAILWAY.

OBJECTS TO THE CAMERA

Noted Financier Asks That the Pho-
tographers Be Directed to Leave
the Courtroom—He Answers Ques-
tions Without Reserve, Though
His Actions Indicate Impatience
With the Proceedings.

New York, March 27.—J. Pierpont
Morgan gave evidence before Special
Examiner Mabey in the suit of Peter
Power against the Northern Pacific
Railroad company. He was ques-
tioned for two hours and a half by
George Alfred Lamb of counsel for
Power and during that time he an-
swered questions rapidly and without
the slightest appearance of reserve.
Only once or twice when questions
were asked concerning the relation-
ship of J. P. Morgan & Co. with the
firm's customers did he decline to an-
swer.

Before the hearing was opened Mr.
Morgan objected to the presence of
photographers, and they were directed
to leave the room.

During the examination Mr. Morgan
leaned back heavily in his chair, his
left hand thrust from time to time
deeply in his trousers pocket. He
toyed with an envelope impatiently,
now knocking it against his knee,
now against the table on which his
right arm rested. His eyes expressed
impatience. He roamed about in
extreme restlessness while questions
were being put to him, but the mo-
ment he was ready to answer they
fixed themselves on Mr. Lamb. Sev-
eral times during the hearing the finan-
cier seemed amused. Once Mr. Lamb
asked if the price of Northern Pacific
did not go above its real value while
his firm was buying it in May, 1901.

Witness Becomes Amused.

"No," said Mr. Morgan, so amused
that he had to stop to control himself
before he answered. "It did when
they came to deliver the stock, but not
when they actually bought."

At another point the witness was
asked if Mr. Hill had not told him
that there was danger that the Harri-
man syndicate would buy the Burling-
ton.

"No," replied Mr. Morgan, "but such
a thing was only to be expected. The
papers had much in them about rail-
road interests buying roads. I be-
lieve that within a few days we bought
every railroad in the United States,"
and Mr. Morgan laughed.

After his examination had been
finished Mr. Morgan was conducted
through several hallways to Judge
Wallace's private chambers, whence
he made his way out of the building.

All this was necessary to get away
from a number of photographers who
were waiting in one of the hallways
to take the financier's picture as he
left the examination room.

SUITS FOR INJUNCTIONS.

Government Delays Filing More of
Them Against Railroads.

Chicago, March 27.—Unless there is
a change in the present plan of the
government no more suits for injunc-
tion will be filed against railroads un-
til Judges Phillips and Grosscup pass
upon the legality of the restraining or-
ders now in force. The joint hearing
probably will take place here June 23.
Attorney W. A. Day, special counsel
for the government, has returned from
Kansas City and left for Washington
to confer with the department of jus-
tice as to subsequent actions. If the
head of the department takes the
same view with Attorney Day, no more
expense will be incurred in bringing
suits unless the courts decide in favor
of the injunction method. In the
event of a favorable decision bills
will be filed as rapidly as they can be
prepared in the cities of St. Louis,
St. Paul and New York, and others
will be filed in Chicago.

The decision to delay other cases
surprised the attorneys for the rail-
roads and placed, in their judgment,
a new phase upon the matter. Al-
though no assurances were given them
that such would be the case, it was
generally understood that all the roads
could be brought in as fast as bills
could be prepared. Attorney Day said
that he had not been informed as to
the purpose of the commission's visit
to Chicago set for April 1. No one,
however, believes that it is with a
view of beginning criminal proceed-
ings.

STATE WON TEST CASE.

Minnesota Dairy and Food Commission
Convicts Duluth Whisky Dealer.

St. Paul, March 27.—Word has
been received from Duluth that the
state dairy and food commission had
won out in its test case of the whisky
law, the jury having convicted Captain
Henry Savage, the famous bowery
saloonkeeper, of selling impure whis-
ky. The case has been watched with
interest, as upon it depended the fu-
ture action of the dairy and food de-
partment in regard to whisky inspec-
tion under the law passed at the last
session of the legislature. The law
was defective in that it did not spec-
ify a standard of purity, but it did
name certain articles which whisky
should not contain. The case will in
all likelihood be appealed.

Murdered by an Ex-Soldier.

Washburn, N. D., March 27.—Anton
Hyllinger, a farmer living seven miles
north of this place, was shot and in-
stantly killed by a man named Smith.
The report says that Smith went to
Hyllinger's residence and demanded
his money, and upon being refused
blew Hyllinger's head off with a re-
volver. Smith has escaped and the of-
ficers are in pursuit. He was 27 years
of age and had been a soldier in the
Philippines.

INTERESTING DEBATE.

Oleomargarine Bill Under Consider-
ation in the Senate.

Washington, March 27.—Throughout
the session of the senate the oleomar-
garine bill was under discussion. The
debate was interesting at all times
and some phases of it were amusing.
Mr. Hansbrough of North Dakota
concluded his speech in support of
the measure, maintaining that the
oleomargarine industry had been out-
lawed by the legislatures of many
states and that it ought to be com-
pelled by congress to take off its
mask and place its product on the mar-
ket for what it really was.

Mr. Stewart of Nevada declared
that the proposed legislation was un-
necessary and that there was no more
reason for taxing colored oleomargar-
ine than for taxing colored butter.
The principal speech of the day was
delivered by Mr. Dolliver of Iowa. He
spoke forcefully and throughout com-
manded the interested attention of
his colleagues and of many members
of the house who had come to the
senate to hear him. He scathingly
denounced the oleomargarine industry,
declaring that it had put itself in part-
nership with lawlessness and false
pretenses. Mr. Dolliver concluded his
speech with a glowing eulogy of farm
life and of the American farmer.

Mr. Hoar and Mr. Lodge of Massa-
chusetts explained that their reason
for supporting the bill was that it
was a tax on an evident fraud.

GENERAL DEBATE ENDS.

House Discusses Military Bill Under
Five-Minute Rule.

Washington, March 27.—General de-
bate on the military appropriation
bill was concluded and consideration
of the bill under the 5-minute rule be-
gan. During the debate Mr. Burleson
(Tex.) renewed the attack on Sec-
retary Hay on account of the allegations
regarding the Boer relief funds sub-
scribed in Illinois. Mr. Hitt (Ills.)
replied briefly, saying there had been
no developments in the matter and
the secretary had done all that was
possible.

Several other brief speeches were
made, some in criticism of different
provisions of the bill. At the begin-
ning of the session the house passed
the Burleson resolution calling on the
president for information relative to
the application of General Miles to
go to the Philippines.

A SERIOUS EVIL.

House Committee Against Admitting
Chinese Laborers.

Washington, March 27.—The report
of the house committee on the Chinese
exclusion bill was filed by Representa-
tive Perkins of New York, who drafted
it. The report says in part:

"The committee are unanimous in
the opinion that the admission of Chi-
nese laborers into this country would
be a serious evil. Every endeavor has
been made to report an act which will
secure the exclusion of the Chinese
coolies. We recognize the fact that
frauds under the present exclusion
laws result chiefly from the abuse of
transit privileges and the introduc-
tion of Chinese claiming to be mer-
chants who are really laborers. We
have endeavored to guard against
these evils."

DANISH WEST INDIES.

Jacob Riis of New York Mentioned
for First Governor.

Washington, March 27.—One of the
first acts by the president consequent
upon the expected ratification of the
treaty for the acquisition of the Dan-
ish West Indies now pending before
the senate will be the appointment of
a governor for those islands. Sev-
eral names have been suggested to the
president for the office, one of whom
is that of Jacob Riis, the well known
newspaper writer of New York city.
The president is said to be favorably
disposed towards Mr. Riis, for whom
he has a very high regard and with
whom he is well acquainted because
of their association in New York city
while the president was identified with
the administration of the police de-
partment.

BY REPUBLICAN VOTES.

Cuban Reciprocity Measure Will Be
Favorably Reported.

Washington March 27.—The state-
ment was made during the afternoon
in a quarter having unusual facili-
ties for knowing the facts that the
Cuban reciprocity measure as agreed
upon by the recent Republican con-
ference would have enough Republican
votes in the ways and means com-
mittee to assure its being reported with-
out the assistance of any Democratic
votes. This is decidedly contrary to
the generally understood situation in
the committee, but the source of the
information is such as to warrant the
belief that the bill will be reported by
Republican votes.

CUBA CHOOSES MINISTER.

Representative to Have a Dignified
Post in Washington.

Washington, March 27.—It is the
present understanding that Gonzales
De Quesada, formerly Cuban com-
missioner, will be the first minister from
Cuba to the United States.
The United States diplomatic rep-
resentative to Cuba will be a full
fledged minister and not a commis-
sioner. President Roosevelt is about
to send a message to congress to se-
cure legislative authority for the ap-
pointment of such a minister as well
as for a dozen United States consuls
who must be appointed. There are
applications on file for these consul-
ates.

Wood Leaves for Havana.

Washington, March 27.—General
Leonard Wood left here on his last
visit to Havana in the capacity of mi-
litary governor of the island of Cuba.
General Wood said he expected to de-
part by boat from the city of Havana
at 12 o'clock on May 20, after the new
government had been installed and the
Cuban flag saluted.

Canada's Mineral Production.

Washington, March 27.—The min-
eral production of Canada during the
year 1901, according to the preliminary
statement of the geological survey,
was valued at \$69,407,031, of which
\$42,834,000 was metallic and \$26,573,031
non-metallic.

CAUSED BY HYPNOTISM.

An Anoka County (Minn.) Man Hangs
Himself at Birmingham, N. Y.

Birmingham, N. Y., March 27.—
Frank Lotz, a farmer of Anoka county,
Minn., hanged himself in the barn of
Ezra Richards, three miles from this
city, as the result of hypnotic influence
and a too vivid dream.

Lotz came to this section last fall
and obtained work on various farms.
He had been employed by Richards for
some time and last week attended a
hypnotic entertainment in which he
volunteered as a subject. The task he
performed was that of hanging him-
self, and he was checked by the hypo-
tist after placing the noose around
his neck.

When his companions described to
him his antics it worked on his mind,
and on several occasions subsequently
he referred to it. Sunday night he
arose in his sleep, fixed a noose about
his neck and awoke. At this point he
was brought out of his hypnotic state.
Tuesday morning, when the family
arose, he was missing, and was found
in the barn hanging from a beam, dead.
It is supposed he had a recurrence
of the dream and did not wake him-
self in time to prevent the tragedy.

TRAINS ABANDONED.

Miles of Track Overflowed on North
Dakota Flats.

Bismarck, N. D., March 27.—Heavy
rains following upon the melting
snows from last week's storms have
stopped traffic on the Northern Pa-
cific road at McKenzie, where the im-
mense low flats are overflowed with a
lake of water. All trains will be con-
siderably delayed.

SERVED UNDER KOSSUTH.

Colonel Lubliner, a Polish Veteran,
Dies at Sterling, Ills.

Chicago, March 27.—Colonel Joseph
A. Lubliner is dead at Sterling, Ills.
In 1848 he served on the staff of Kos-
suth, with the rank of colonel; was
taken prisoner by the Russians and
sentenced to 25 years' service in the
Russian army, being for some time
stationed at Moscow and afterward
detained as imperial guard to Czar
Nicholas. Aided by friends and dis-
guised as a peasant he escaped to
Brussels and afterward to Hamburg
and Liverpool. At the latter place he
rejoined General Kossuth and came
with him to America. In 1852 he went
to California and served for two years
as a member of the Pioneer Guards
and as captain of the vigilance com-
mittee which restored law and order.
In 1850 he located in Sterling, where
he has since resided.

Blown From a Train.

Bird Island, Minn., March 27.—C. H.
Webster lies here unconscious from
concussion of the brain, caused by
being blown from the passenger train
near here. He has had both arms am-
putated in a previous injury. Web-
ster was passing from one car to an-
other when blown off. He will prob-
ably recover.

Fatal Duel in a Postoffice.

Clayton, N. M., March 27.—A duel
was fought at the postoffice between
Postmaster John P. Guyer and W. E.
Sears, a jeweler. Sears, who, it is
said began the shooting, was killed.
Guyer, who was uninjured, is in cus-
tody.

TELEGRAPHIC BREVITIES.

Miss Ellen M. Stone, the American
missionary, has started for London.
Thence she will sail for America.

Charles Bullock was hanged at Sas-
katchewan, N. W. T., for the murder
of Leon Station in the Battle River
country last April.

John E. Fitzpatrick, ex-inspector of
police and ex-chief of detectives of
Chicago, died from shock following a
surgical operation.

Lieutenant Commander Frederick
P. Brainerd, U. S. N., retired, died at
the California hospital, Los Angeles,
after an illness of a few days.

A WILLING WITNESS

J. P. MORGAN TESTIFIES IN COURT
AGAINST NORTHERN PA-
CIFIC RAILWAY.

OBJECTS TO THE CAMERA

Noted Financier Asks That the Pho-
tographers Be Directed to Leave
the Courtroom—He Answers Ques-
tions Without Reserve, Though
His Actions Indicate Impatience
With the Proceedings.

New York, March 27.—J. Pierpont
Morgan gave evidence before Special
Examiner Mabey in the suit of Peter
Power against the Northern Pacific
Railroad company. He was ques-
tioned for two hours and a half by
George Alfred Lamb of counsel for
Power and during that time he an-
swered questions rapidly and without
the slightest appearance of reserve.
Only once or twice when questions
were asked concerning the relation-
ship of J. P. Morgan & Co. with the
firm's customers did he decline to an-
swer.

Before the hearing was opened Mr.
Morgan objected to the presence of
photographers, and they were directed
to leave the room.

During the examination Mr. Morgan
leaned back heavily in his chair, his
left hand thrust from time to time
deeply in his trousers pocket. He
toyed with an envelope impatiently,
now knocking it against his knee,
now against the table on which his
right arm rested. His eyes expressed
impatience. He roamed about in
extreme restlessness while questions
were being put to him, but the mo-
ment he was ready to answer they
fixed themselves on Mr. Lamb. Sev-
eral times during the hearing the fin-
ancier seemed amused. Once Mr. Lamb
asked if the price of Northern Pacific
did not go above its real value while
his firm was buying it in May, 1901.

Witness Becomes Amused.

"No," said Mr. Morgan, so amused
that he had to stop to control himself
before he answered. "It did when
they came to deliver the stock, but not
when they actually bought."

At another point the witness was
asked if Mr. Hill had not told him
that there was danger that the Harri-
man syndicate would buy the Burling-
ton.

"No," replied Mr. Morgan, "but such
a thing was only to be expected. The
papers had much in them about rail-
road interests buying roads. I be-
lieve that within a few days we bought
every railroad in the United States,"
and Mr. Morgan laughed.

After his examination had been fin-
ished Mr. Morgan was conducted
through several hallways to Judge
Wallace's private chambers, whence
he made his way out of the building.

All this was necessary to get away
from a number of photographers who
were waiting in one of the hallways
to take the financier's picture as he
left the examination room.

SUITS FOR INJUNCTIONS.

Government Delays Filing More of
Them Against Railroads.

Chicago, March 27.—Unless there is
a change in the present plan of the
government no more suits for injunc-
tion will be filed against railroads un-
til Judges Phillips and Grosscup pass
upon the legality of the restraining or-
ders now in force. The joint hearing
probably will take place here June 23.
Attorney W. A. Day, special counsel
for the government, has returned from
Kansas City and left for Washington
to confer with the department of jus-
tice as to subsequent actions. If the
head of the department takes the
same view with Attorney Day, no more
expense will be incurred in bringing
suits unless the courts decide in favor
of the injunction method. In the
event of a favorable decision bills
will be filed as rapidly as they can be
prepared in the cities of St. Louis,
St. Paul and New York, and others
will be filed in Chicago.

The decision to delay other cases
surprised the attorneys for the rail-
roads and placed, in their judgment,
a new phase upon the matter. Al-
though no assurances were given them
that such would be the case, it was
generally understood that all the roads
would be brought in as fast as bills
could be prepared. Attorney Day said
that he had not been informed as to
the purpose of the commission's visit
to Chicago set for April 1. No one,
however, believes that it is with a
view of beginning criminal proceed-
ings.

STATE WON TEST CASE.

Minnesota Dairy and Food Commission
Convicts Duluth Whisky Dealer.

St. Paul, March 27.—Word has
been received from Duluth that the
state dairy and food commission had
won out in its test case of the whisky
law, the jury having convicted Captain
Henry Savage, the famous bowery
saloonkeeper, of selling impure whis-
ky. The case has been watched with
interest, as upon it depended the fu-
ture action of the dairy and food de-
partment in regard to whisky inspec-
tion under the law passed at the last
session of the legislature. The law
was defective in that it did not spec-
ify a standard of purity, but it did
name certain articles which whisky
should not contain. The case will in
all likelihood be appealed.

Murdered by an Ex-Soldier.

Washburn, N. D., March 27.—Anton
Hylinger, a farmer living seven miles
north of this place, was shot and in-
stantly killed by a man named Smith.
The report says that Smith went to
Hylinger's residence and demanded
his money, and upon being refused
blew Hylinger's head off with a revo-
lver. Smith has escaped and the offi-
cers are in pursuit. He was 27 years
of age and had been a soldier in the
Philippines.

INTERESTING DEBATE.

Oleomargarine Bill Under Consider-
ation in the Senate.

Washington, March 27.—Throughout
the session of the senate the oleomar-
garine bill was under discussion. The
debate was interesting at all times
and some phases of it were amusing.
Mr. Hansbrough of North Dakota
considered his speech in support of the
measure, maintaining that the oleo-
margarine industry had been out-
lawed by the legislatures of many
states and that it ought to be com-
pelled by congress to take off its
mask and place its product on the mar-
ket for what it really was.

Mr. Stewart of Nevada declared
that the proposed legislation was un-
necessary and that there was no more
reason for taxing colored oleomargar-
ine than for taxing colored butter.

The principal speech of the day was
delivered by Mr. Dolliver of Iowa. He
spoke forcefully and throughout com-
manded the interested attention of
his colleagues and of many members
of the house who had come to the
senate to hear him. He scathingly
denounced the oleomargarine indus-
try, declaring that it had put itself in part-
nership with lawlessness and false
pretenses. Mr. Dolliver concluded his
speech with a glowing eulogy of farm
life and of the American farmer.

Mr. Hoar and Mr. Lodge of Massa-
chusetts explained that their reason
for supporting the bill was that it
was a tax on an evident fraud.

GENERAL DEBATE ENDS.

House Discusses Military Bill Under
Five-Minute Rule.

Washington, March 27.—General de-
bate on the military appropriation
bill was concluded and consideration
of the bill under the five-minute rule be-
gun. During the debate Mr. Burleson
(Tex.) renewed the attack on Secre-
tary Hay on account of the allegations
regarding the Boer relief funds sub-
scribed in Illinois. Mr. Hitt (Ill.)
replied briefly, saying there had been
no developments in the matter and
the secretary had done all that was
possible.

Several other brief speeches were
made, some in criticism of different
provisions of the bill. At the begin-
ning of the session the house passed
the Burleson resolution calling on the
president for information relative to
the application of General Miles to
go to the Philippines.

A SERIOUS EVIL.

House Committee Against Admitting
Chinese Laborers.

Washington, March 27.—The report
of the house committee on the Chinese
exclusion bill was filed by Representa-
tive Perkins of New York, who drafted
it. The report says in part:

"The committee are unanimous in
the opinion that the admission of Chi-
nese laborers into this country would
be a serious evil. Every endeavor has
been made to report an act which will
secure the exclusion of the Chinese
coolies. We recognize the fact that
frauds under the present exclusion
laws result chiefly from the abuse of
transit privileges and the introduc-
tion of Chinese claiming to be mer-
chants who are really laborers. We
have endeavored to guard against
these evils."

DANISH WEST INDIES.

Jacob Riis of New York Mentioned
for First Governor.

Washington, March 27.—One of the
first acts by the president consequent
upon the expected ratification of the
treaty for the acquisition of the Dan-
ish West Indies now pending before
the senate will be the appointment of
a governor for those islands. Sev-
eral names have been suggested to the
president for the office, one of whom
is that of Jacob Riis, the well known
newspaper writer of New York city.
The president is said to be favorably
disposed towards Mr. Riis, for whom
he has a very high regard and with
whom he is well acquainted because
of their association in New York city
while the president was identified with
the administration of the police de-
partment.

BY REPUBLICAN VOTES.

Cuban Reciprocity Measure Will Be
Favorably Reported.

Washington March 27.—The state-
ment was made during the afternoon
in a quarter having unusual facili-
ties for knowing the facts that the
Cuban reciprocity measure as agreed
upon by the recent Republican con-
ference would have enough Republican
votes in the ways and means com-
mittee to assure its being reported with-
out the assistance of any Democratic
votes. This is decidedly contrary to
the generally understood situation in
the committee, but the source of the
information is such as to warrant the
belief that the bill will be reported by
Republican votes.

CUBA CHOOSES MINISTER.

Representative to Have a Dignified
Post in Washington.

Washington, March 27.—It is the
present understanding that Gonzales
De Quesada, formerly Cuban com-
missioner, will be the first minister from
Cuba to the United States.

The United States diplomatic rep-
resentative to Cuba will be a full
fledged minister and not a commis-
sioner. President Roosevelt is about
to send a message to congress to se-
cure legislative authority for the ap-
pointment of such a minister as well
as for a dozen United States consuls
who must be appointed. There are
applications on file for these consul-
ates.

Wood Leaves for Havana.

Washington, March 27.—General
Leonard Wood left here on his last
visit to Havana in the capacity of mil-
itary governor of the island of Cuba.
General Wood said he expected to de-
part by boat from the city of Havana
at 12 o'clock on May 20, after the new
government had been installed and the
Cuban flag saluted.

Canada's Mineral Production.

Washington, March 27.—The min-
eral production of Canada during the
year 1901, according to the preliminary
statement of the geological survey,
was valued at \$63,407,031, of which
\$42,534,000 was metallic and \$20,873,031
non-metallic.

CAUSED BY HYPNOTISM.

An Anoka County (Minn.) Man Hangs
Himself at Binghamton, N. Y.

Binghamton, N. Y., March 27.—
Frank Lotz, a farmer of Anoka county,
Minn., hanged himself in the barn of
Ezra Richards, three miles from this
city, as the result of hypnotic influence
and a too vivid dream.

Lotz came to this section last fall
and obtained work on various farms.
He had been employed by Richards for
some time and last week attended a
hypnotic entertainment in which he
volunteered as a subject. The task
he performed was that of hanging him-
self, and he was checked by the hypo-
notist after placing the noose around
his neck.

When his companions described to
him his antics it worked on his mind,
and on several occasions subsequently
he referred to it. Sunday night he
arose in his sleep, fixed a noose about
his neck and awoke. At this point he
was brought out of his hypnotic state.
Tuesday morning, when the family
arose, he was missing, and was found
in the barn hanging from a beam,
dead. It is supposed he had a recur-
rence of the dream and did not wake
himself in time to prevent the trag-
edy.

TRAINS ABANDONED.

Miles of Track Overflowed on North
Dakota Flats.

Bismarck, N. D., March 27.—Heavy
rains following upon the melting
snows from last week's storms have
stopped traffic on the Northern Pa-
cific road at McKenzie, where the im-
mense low flats are overflowed with a
lake of water. All trains will be con-
siderably delayed.

SERVED UNDER KOSSUTH.

Colonel Lubliner, a Polish Veteran,
Dies at Sterling, Ills.

Chicago, March 27.—Colonel Joseph
A. Lubliner is dead at Sterling, Ills.
In 1848 he served on the staff of Kos-
suth, with the rank of colonel; was
taken prisoner by the Russians and
sentenced to 25 years' service in the
Russian army, being for some time
stationed at Moscow and afterward
detained as imperial guard to Czar
Nicholas. Aided by friends and dis-
guised as a peasant he escaped to
Brussels and afterward to Hamburg
and Liverpool. At the latter place he
rejoined General Kossuth and came
with him to America. In 1852 he went
to California and served for two years
as a member of the Pioneer Guards
and as captain of the vigilance com-
mittee which restored law and order.
In 1850 he located in Sterling, where
he has since resided.

Blown From a Train.

Bird Island, Minn., March 27.—C. H.
Webster lies here unconscious from
concussion of the brain, caused by
being blown from the passenger train
near here. He has had both arms am-
putated in a previous injury. Web-
ster was passing from one car to an-
other when blown off. He will prob-
ably recover.

Fatal Duel in a Postoffice.

Clayton, N. M., March 27.—A duel
was fought at the postoffice between
Postmaster John P. Guyer and W. E.
Sears, a jeweler. Sears, who, it is
said began the shooting, was killed.
Guyer, who was uninjured, is in cus-
tody.

TELEGRAPHIC BREVITIES.

Miss Ellen M. Stone, the American
missionary, has started for London.
Thence she will sail for America.

Charles Bullock was hanged at Sas-
katchewan, N. W. T., for the murder
of Leon Station in the Battle River
country last April.

John E. Fitzpatrick, ex-inspector of
police and ex-chief of detectives of
Chicago, died from shock following a
surgical operation.

Lieutenant Commander Frederick
P. Brainerd, U. S. N., retired, died at
the California hospital, Los Angeles,
after an illness of a few days.
